2 bars,
10 rubber buckets
2 plaster hooks,
29 lamp posts
18 lamps
1 gasoline tank
30 gallons gasoline
3 spades
1 grub hoe
1 iron bar
1 pick

Report of School Board.

To the citizens of the School District of Gilmanton we herewith submit our annual report :

During the past year schools have been maintained in the Iron Works, Lougeetown,, Guinea Ridge, Sanborn, Corner, Allen's Mills, Jones' Mills, Potter, Loon Pond, Smith Meeting House, and Kelley buildings. Two terms thirty-one weeks in all, have been taught in all of these schools except one, Lougeetown. There being so few pupils in this school it was decided to close this building a part of the fall term and send the scholars to the Iron Works school. We believe this to be a step in the right direction, and should be followed up at least for the present. These scholars can be accommodated very nicely at the Iron Works school and without very much inconvenience to any one. Quite a number of our schools are so very small in point of number of pupils, that it is becoming rather difficult to get teachers who are willing to take charge of them, they preferring to go to some other town where the schools are larger and more interesting.

Your school board feel quite confident that something will be done by the state in the near future towards centralizing the rural schools. We take note that a step in this direction has been taken already at the present session.

We notice, with pleasure, quite an improvement in the regular attendance of scholars during the past year, and we earnestly urge the parents to put forth every effort the coming year to make it possible for their children to attend school regularly and promptly. Much depends

upon the parents. We believe a child should be taught at home that their school days are the most important part of their whole life, and if indifference is allowed to creep in here it will certainly prove a handicap ever after. In 1910 we received from the state as state aid for average attendance the sum of \$174.00.

Laying aside all personal gain, is not this alone worth working for? Right here allow us to note that every day our schools keep this coming year, and every session any pupil attends will insure just so much more state aid in December 1911.

The majority of our teachers have worked hard and faithfully for the advancement of those entrusted to their care. No teacher can do full justice to herself or her school unless her pupils are present at every session of school. One session lost is a missing link in the chain of education.

Finances.

The law now requires that all money required for the ensuing year for the purchase of text-books, flags, &c., scholars' supplies and high school tuition must be made a part of the annual report of the school board.

We would recommend that the selectmen assess the following sums for the year 1911: For text-books, \$75; for scholars' supplies, \$25; for high school tuition, \$350. We have quite a little balance in the treasury for flags, &c., sufficient for this year. There is also quite a balance of money for repair of school buildings left over; enough we think for the coming year.

We take this opportunity to extend our thanks for the many courtesies we have received from parents, teachers and scholars.

Respectfully submitted,

FRANK N. MERRILL,
STEPHEN L. WEEKS,
CHARLES L. CHASE,

School Board of Gilmanton.

ROLL OF PERFECT ATTENDANCE.

Smith Meeting House District—Myrtle E. Brown, Richard I. Brown, Arthur J. Davis, Harvey W. Shattuck.
Second Term—Worthy of mention, Mary H. Brown.

Kelley's Corner District—Second Term—Hazel Parsons, Edna Page.

Loon Pond District—Second Term—Paul D. French, Jay H. Green.
